A brief feedback report on industrial visit to Aarti Drugs pvt ltd, MIDC Boisar

DEPARTMENT: CHEMISTRY

Date: 11/05/22 to 13/05/22

Venue: Aarti Drugs pvt ltd, MIDC Boisar

Duration: 3 days

Target Audience: Students of T. Y. B.Sc.

No. of Audience Present: 50

I: BACKGROUND INFORMATION

Industrial visit is mandatory to bridge the gap in the academic curriculum and in the industry. This helps the student to develop their skill and competencies in order to become employable. It provides an opportunity for students to apply theoretical knowledge acquired in the class room with practical application of knowledge required to perform a task. To meet this need, N.B. Mehta Science College, Bordi keep arranging industrial visit for the students. One such industrial visit was organised at Aarti Drugs, Boisar.

II: SCHEDULE OF EVENTS

The Schedule of major departments were as follows

- Production Department
- Quality Control Department
- Quality Assurance Department
- Ware House Department etc

II: COMMENTS ON THE CONDUCT OF EVENTS

During the industrial visit, the organization was found to be very cooperative. Dr Dixit sir, conducted a very informative session for the students, and explained how drug is manufactured from start material to finish product in a very interesting manner. The students acquired knowledge based on Production Department, Quality Control Department, Quality Assurance Department, Ware House Department etc. The students were motivated to select their domain and area of interest. The students asked several questions and the experts were happy to satisfy their queries. The visit was full of excitement and enthusiasm.

IV: BENEFITS AND RECOMMENDATIONS

The students found this industrial visit very helpful. This visit improved the students' knowledge of various instrumentation equipment presently being used in industry. The primary objective of this visit was to make the students aware about working in various departments so that it may find useful to their academic project development. All were of opinion that this kind of company to visit in future, would be very useful to students to learn and develop the academic project in quite effective manner. last, but not least i am thankful to all the industries authority for giving us the opportunity to learn with the prestigious valuable guidance, integrated support and perceptive criticism, helped our students to conceptualize the precious and unforgettable experience which will help them in future.
