

**1.4.1 Institution obtains feedback on the syllabus and its transaction at the Institution from the following stakeholders**

**1) Students 2) Teachers 3) Employers 4) Alumni**

**Response**

**1) Students**

Student's feedback is collected randomly from various classes and analyzed. We could analysed that about more than 50% students feel that syllabus is challenging and it is benefitting in their career. About 68% of the students are happy with excellent library material and e-educational sources. Students feedback also shows that teachers are well prepared for the class and helping them out of the class as well. Students have also demanded to support them in future.

**2) Teachers**

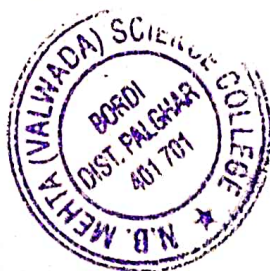

Teacher's feedback expresses overall discipline of the college is good. Analysis also shows excellent campus safety and support from the institution.

**3) Employers**

From the feedback of employers of various fields, like food product manufacturer, Chemical industries, IT sectors and educational institutions we could come to know about the performance of our students. Our students are doing very good work in their organization. Our students are having good skill of work and showing good spirit of team work.

**4) Alumni**

Alumni who have filled the feedback form out of them 53% are employed and about more than half students feel that the syllabus taught to them is relevant for their present job. From the feedback of alumni, we noticed that besides the subject, students learn various qualities like sincerity, punctuality, leadership, team work, responsibility and integrity. Around 76% alumni feel to suggest our college to their close ones.
