Institutional Distinctiveness:

- Our college was established in 1994 in the remote Adivasi belt of the Thane region now changed to Palghar district. The vision and mission support the academic and socio-economic development of the tribal students situated in this remote of Palghar district. The tribal students who belong to the economically and socially marginable Adivasi communities would have had no access to higher education if our College had not been established. The College has been especially instrumental in helping the girls of this region to pursue higher studies.
- The College helps students in all aspects of their personality development. They avail benefits such as book bank schemes, hostel facilities, scholarships, concessions etc.
- According to our revised vision statement, we have made a beginning towards fulfilling our vision of developing some of the Science departments into research centre. In an effort to encourage research, our Physics, Botany and Zoology laboratories are recognized PhD research centers by the University of Mumbai.
- Our faculty member from Department of Botany have been granted patent during 2020-21.
- Our college staff from various departments received 'Patents' for their distinct work during year 2021-22.
